Memorandum- By the decisions of the Supreme Court, in the cases of Joseph Goodrich vs. The inhabitants of Lunenburg, 9. Gray, 38. and Joel Stone vs. Samuel Bean, 15. Gray, 42. which decisions may be found in the Town Clerk's office, it is laid down as a rule for the assessment of Taxes, that one sixth part of the whole Highway Tax, ordinary and special, is, without any qualification or restriction, or any regard to its whole amount, to be assessed upon the Polls. If this is not done, the assessment is erroneous and void, and payment of the Tax cannot legally be enforced. By force of these decisions, the manner of ascertaining the amount of a single Poll Tax is as follows. First. Add together the State, County, and Town Tax, deducting for the present the whole amount of the Highway Tax. Second. Divide one sixth part of this amount, by the number of Polls, and if the result exceeds two dollars, such excess must be put upon Property. Third. Divide one sixth part of the Highway Tax, by the number of Polls, and this result being added to the first, viz. the two dollars or less, the amount of the Poll without the Highway, will give the amount of a single Poll Tax with the Highway Taxes.

By order of Assessors-

Sylvester Reeves.
